_____ Please be ready to provide us with a copy of your insurance card and photo I.D. If you obtain new insurance or have additional dental insurance you want us to consider, it must be preapproved at least 7 days prior to scheduled appointments. It is patient responsibility to keep insurance updated and current.

_____ **We do require both a cell phone and email address on file**, as our office is fully digital. This helps us to process your insurance in a most timely manner.

_____ Patient Co-Pays are due prior to treatment.

_____ Appointments requiring anesthesia must be reserved with a \$100 deposit. The deposit can be used towards your patient copay. Our cancellation policy: Deposits are nonrefundable if cancelled without 48 hours' notice.

_____ We utilize a 3rd party billing system for processing dental insurance. Insurance takes at minimum 30-60 days to process, not including the time for our claims department to make updates to your patient account. If refund is due, we issue these the last week of each month, no exceptions will be made and are issued by check.

Non-Covered and Non-Chargeable Benefits

This is a notice to the patient that there are procedure codes that insurance won't cover. We do submit with narratives on the patient's behalf, but with some procedures there is a high probability that the insurance company will say it is a non-covered benefit, or furthermore they will say it is a bundled procedure and therefore the doctor cannot charge for it. We try to be diligent and notify our patients ahead of time if a procedure isn't covered. This is a notice that all procedures are billed independently and the treating physician reserves the right to collect a fee for each procedure performed, regardless of what insurance dictates.
